SEVENTH YEAR.

MAYSVILLE, KY., FRIDAY, MAY 6, 1898.

ONE CENT.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notice" free any more than a merchant can lose over his customer free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisement should be paid for, no matter in what part of the paper they appear.

GREAT SALE

MEN'S SUITS!

We are going to do the biggest clothing business this season of any like period in the history of our house. Experience has taught us that the best, most carefully ready to wear garments retailed at the lowest possible prices offer the only means to accomplish this end. Our dealings are confined exclusively to America's best wholesale tailors. Under no circumstances do we give store space to cheap trash. The very special values we offer for this season are a good demonstration of our business policy. Each and every garment will be found strictly up to date. Absolutely the latest style in the market.

OUR PRICES ALWAYS THE LOWEST!

At \$5 we sell well made good wearing suits, strictly all wool.
At \$7.50 stylish up-to-date suits made from choice fabrics in all the latest effects in colorings.
At \$10 and \$12 we sell suits that are designed to meet the requirements of the most fastidious dressers.
Our \$15 suits are the embodiment of style, elegance and refinement in wearing apparel. They equal in every particular the product of the average merchant tailor at \$35 or \$40.

Our Furnishing Goods Department is replete with the latest novelties in Hats, Shirts, Collars, Neckwear, &c.
SHOES! Ah, well, look in our windows. You will see none like them in the state. We buy and sell none but the best that the manufacturers of the finest footwear in the country make.

TOAST TO THE COMMANDER.

At a dinner given to Commodore Dewey at the Metropolitan Club in Washington City, November 21st, 1897, just before he started for the Asiatic Station, the following prophetic toast was offered by Colonel Archibald Hays:

"Fill all your glasses full tonight:
The wind is off the shore;
And he is fewer or he is right
We pledge the Commodore."

Through days of storm, through days of calm
On broad Pacific seas;
At anchor of the latest of Palm,
Or with the Japanese;

Ashore, afloat, on deck, below,
Or where our bulwarks roar;
To back a friend or breast a foe
We pledge the Commodore."

We know our honor'll be unstained
Where'er his pennant flies;
Our rating respected and maintained
Whatever Power defies.

And when he takes the homeward track,
Beneath an Admiral's flag,
We'll hail the day that brings him back
And have another "Jag."

THE LEDGER yesterday again proved its excellence as a newspaper. It didn't have any "report from Commodore Dewey," with the number of his killed and wounded and the condition of his ship, for the very good reason that no such authentic report had been received. Other papers published a lot of "rot" to the foregoing effect, thus taking in their readers with a sort of gold brick scheme.

For the war news, the real war news, was news gathered by trained reporters and editors known to the people of the Ohio Valley, read The Post—Cincinnati Post.

The Post could have added with truthfulness that its "trained reporters" are known to the people of the Ohio Valley as the greatest living fakirs. The people of Mayville have had some striking examples of this; and they have not been attributable to The Post's reporter at this point, either.

THE LEDGER's splendid telegraphic service on second and third pages covers the whole field of news up to 10 o'clock this morning.

Telegrams received after 10 o'clock today will be posted in front of the office for the benefit of our friends the public.

Meanwhile, if you want news and not sensation, now is the time to subscribe—3 cents a month.

TERMS OF LEASE.

What the County Will Pay For Use of Pikes For Coming Year.

As stated in yesterday's LEDGER, the Fiscal Court has leased the three main pikes—ones not already free—for one year, with the purpose of purchasing them, before they accrue the bond issue of \$50,000 at the November election.

The present owners of these pikes are to keep them in repair during the lease.

The amounts agreed upon are—
Mayville and Lexington.....\$3,750
Meason and Bracken.....2,750
Mayville and Mt. Sterling.....2,750

Total.....\$9,250
The \$50,000 in bonds are 4 per cents, and there should be no hesitancy in voting for the proposition.

LOST HIS CASE.

Sheriff Perrine's Kindness of Heart Will Cost Him Several Dollars.

THE LEDGER some days ago noted that the Court of Appeals had reversed the judgment of the Mason Circuit Court in the case of Mrs. Ella M. Allen against Sheriff Perrine.

Below will be found the opinion of the upper Court, delivered by Judge Guffy:

A Sheriff has no right to permit the sample personal property of a delinquent taxpayer to be sold and disposed of, and then attempt to make an innocent third party, a lienholder against the delinquent's real estate, before they accrued an amount equivalent to its value, and subsequently taking deed to the land in part settlement of the amount due on such lien, responsible therefor, especially when it is evident that a large part of the tax was due from the assessment of his personalty.

A. M. J. Cochran appeared for Mrs. Allen and Judge Thomas R. Philet for Mr. Perrine.

DISTRICT CONFERENCE.
A Most Helpful Session Held at Winchester Saturday and Sunday.

At the District Conference of the Y. M. C. A. held at Winchester last Saturday and Sunday, to which our local Secretary A. H. Lamb went, much good was accomplished and a most helpful conference was held.

The program as carried out was elaborate and meaty, splendidly exposed and eloquently handled.

We gladly publish the following resolution which was unanimously adopted. Its breath of devotion, its show of loyalty in his name to go with his children are commendable, and we feel sure should it go into effect the war would record two victories when ended, one for our country and one for the Y. M. C. A.

The Y. M. C. A. at the District Conference in Winchester Sunday afternoon decided that the Y. M. C. A. shall place with each regiment a tent supplied with games and religious literature; that a secretary who will volunteer his services shall accompany the regiment, caring for the tent and its contents and working hand in hand with the Chaplain. The expenses of all this to be defrayed by the Y. M. C. A., the volunteer Secretary to be paid the same as a private, \$13 per month, and to sleep and mess as a private.

IRELAND'S POPULATION.

How It Has Been Depleted By Emigration to This Country.

The population of Ireland in the last hundred years has dwindled from about 5,000,000 to about 4,000,000.

This decrease, says The Times-Star, has been largely due to emigration.

In 1852 100,000 people left Ireland for the United States.

That was a banner year for Irish emigration.

Last year only 33,000 people left the Emerald Isle for America and of this number about one half were what are known as returning emigrants—that is Irish people who had previously come to America, had established homes, had been more or less successful in business and had gone back to the "old sod" for a visit.

The character of the Irish emigrant has largely changed within the last two decades. The percentage of illiterates twenty years ago was enormous, often rising above fifty per cent. The percentage of illiterates among the 15,000 Irish emigrants who landed at New York in 1897 was less than five per cent.

A system of National education obtains in Ireland now, to which this marked improvement must be credited.

WILLIAM DAVIS:
How's that Chesapeake Coal? All o. k. The whole thing. Gives 35 per cent. more heat than any coal I ever burnt. Save me money? Well, I should think so; 35 cents on the dollar cuts running expenses down over a third. Make me rich? Don't mention it. Two hundred bushels will last longer and give better satisfaction in every way than three of Pomery. By long odds the best thing I ever got from Mayville. You say you will positively sell this coal at the same price others get for Pomery? That's me to a t. Don't I use much Pomery now? Don't get any with me, you must think I have the roomies. Any old thing don't suit me; wasn't it rated that way. Best regards to everybody. Good-bye.

"The best way to get rid of a bad law is to enforce it."—General Grant.

Ir Admiral Sampson is as successful with Uncle Sam's ships as his illustrious predecessor was with the historic Jawbaw, the War with Spain will come to a speedy end.

It is with pride, somewhat pardona-ble, it is hoped, that THE LEDGER announces the fruition of a long-sought desire.

Mason county today, for the first time in its history, has a complete Free Turnpike System.

The Guards and the Gates have been ordered removed, and today one may travel free over every road in the county.

The writer began the crusade against the toll system twenty-seven years ago, and he is consequently very well pleased over the final outcome.

SPAIN'S RULE.
How It Blights Every People Over Whom It Is Exercised.

A vigorous, industrious native of the Philippine Islands under the conditions as they now obtain, can make wages amounting to five cents a day, and yet from such a ridiculous income the Spanish satraps who have been sent there exact an annual payment of \$1.50.

In case the taxpayer, whether he be a man or woman, becomes delinquent he or she is led to a post and whipped. If this treatment does not produce the money desired deportation follows and the deportation lasts until the fine is worked out at the rate of six cents a day, with a charge for board of five cents a day.

The law if executed necessitates a condition of slavery, nothing more and nothing less, and this is the condition under Spanish rule in the Philippines. Aarchy could scarcely be worse for the inhabitants of the Philippines than has been the Spanish Government on those islands ever since the days of Philip II, after whom they were named.

THE BUYERS' GUESS

THE TRUTH

Itself is not believed from one who often has deceived!
Is an old saying true and true. "Honesty is the best policy," and is bound to win against any combination. "Truth is mighty and will prevail" is a proverb old and true. These proverbs are brought most forcibly to our mind when we realize how rapidly our acquaintance with the good people of Mason county has ripened into friendship, a friendship which we believe will be lasting, for we shall continue to do business upon our matches plan—"Buy 'em right, add 10 per cent, and sell 'em quick."

Remember, we have never deceived you. We have never offered you a 75c. chair for 40c. and then sold you a \$10 bedroom suite for \$19. Remember that we have no baits, no leaders, no catches!

Good people of Mason county realize by experience that we mean every word that we say. Let us look into the future, say in 1920. After having been given you by means of baits, catches and leaders into paying twice the real value for your goods—supposing that during all this time we had come out in an advertisement saying that "we mean this," would you believe it? Would you trust yourselves to our mercy? Would you trust one who had often deceived? This is merely a supposition, you understand, for we have no intention of departing from our present method of business. We venture the prediction that in 1920, Providence permitting, we will stand very close to the hearts of the people of Mason county. By that time John I. Winter will have clearly demonstrated the fact that his word is his bond. Another peculiarity of The Price Fighter is that he never asks what the other fellow's price is—he don't care.

The Price Fighter Makes His Own Prices

No sir; The Price Fighter never makes but one bid at it. He gives you his best price at first, and that price is invariably a record breaker. Surely it should inspire confidence to realize that the price asked you is the taking price—to realize that the price first asked you is the lowest price in the world for the same article. The question with us is, "How cheap can we sell this article?" With others the question is, "How much can we get for this?" What is the greatest price that the customer will pay for this chair? It is your future business that we figure for.

—WE MAKE THE PRICE ON—

Winter. Get all you can for your money. Say, I can save you \$10 on a farm wagon; try me! I have a peculiar Disc Harrow, it's different from any other disc harrow. Ought to see it. NEWSY NOTES FROM NATURE'S GREAT HIGHWAY.

The B. D. Wood passed up with a tow of empties for Pittsburgh.

The John Moren passed up with an empty tow for Pittsburgh.

The Crown Hill is coming with 15 strings of timber in her tow.

The Joe Williams landed her big tow safe yesterday at New Orleans.

The Eagle with the disabled Little Fred's tow passed for Louisville.

The steamer Olivette and 11 empty tows were sold at Pittsburgh for \$70 at Sheriff's sale.

It is hoped the rain that has fallen above will be of sufficient quantity to keep the river up in order that the tow boats on the way up can get to Pittsburgh.

The effect of the present war is being felt by the packets running out of Pittsburgh to Cincinnati, though not in the way in which war is generally supposed to affect business, as they are already experiencing a large increase of trade as a result of the war, and expect still greater shipments. The cause of this increase is that all the coastwise lines of steamers from Boston, New York, Philadelphia and Baltimore to Galveston, New Orleans, Mobile and other Southern cities have suspended operations on account of the fear of capture by prowling Spanish vessels. The business handled by these ships will, without doubt, pass down the Ohio and Mississippi rivers to New Orleans and other cities. Captain Henderson of the Pittsburgh Line says that already he has received many inquiries from parties in New York concerning rates, &c., by boat to Cincinnati, and the business has already begun to increase very noticeably. The consignments will go by rail to Pittsburgh, and then be transferred to the river. This manner of shipment is very much cheaper than to go entirely by rail, and goods will be transported just as quickly. Not only will Cincinnati packet lines be benefited by the new route which the aforementioned coasting trade has taken, but also the railroads and all who are connected with storage and transfer facilities. The Pittsburgh-Cincinnati Packet Line is preparing to handle the extra trade and will have four boats which they can place in the service.

James Allen, the eighteen-month-old child of Mr. and Mrs. John A. Earnshaw of Dover, died suddenly Wednesday.

A suit has been filed at Cincinnati by relatives to test the validity of the will of the late Mary G. Markley, widow of A. J. Markley of Foster, who left an estate worth about \$20,000 to institutions of Kentucky under the control of the Christian Church. It is alleged in the petition that Rev. W. W. Hall, Pastor of a Christian Church, influenced Mrs. Markley, who was not at the time mentally capable of making a will, to disposing of her property the way she did.

The farmer, the mechanic and the bicycle rider are liable to unexpected cuts and bruises. DeWitt's Witch Hazel Salve is the best thing to keep on hand. It heals quickly and is a well known cure for cuts. H. W. Ray, adjoining Postoffice.
